# What we can learn from Daniel Chapter Eleven

## Discussion based on Daniel 11 on Tuesday 2 August 2022

1. How do the words of Jeremiah saying that the human heart is deceitful and desperately wicked reveal itself in this chapter and in the world today? Maybe our hearts?
2. Demonstrate from this chapter, from world events and from your own experience the sovereign rule of God.
3. From this chapter and from your experience, show the evidence that God's timing is bang on. E.g., verses 27, 29.
4. Why can we be confident in God's Word?
5. Are there ways in which we still need to trust God more?
6. Where are there clashes of values between the world and us?
7. Name the variety of persecution that Christians go through today both here and in other parts of the world.
8. How does the fact that every knee will bow before God one day both comfort and challenge us? Does it motivate us to point people to Jesus and bow our knee to Him in every area of life?

Use the time now to pray together for each other, our church and community, for persecuted Christians and for our world.
